My name is Xi Wang. I was born in Tianjin, China. I started to learn drawing when I was 5-year old. I was lucky to have an artist Zhao, Shiyong (赵世英) as my private Chinese painting teacher. My art works have been exhibited in Japan and Xi'An, China.

I started to teach drawing at RACL since 2003 while I was a college student.

I have passion to teach. Currently, I am a full-time teacher at NC public school. I have an American Montessori Society Credential and a NC teacher license.

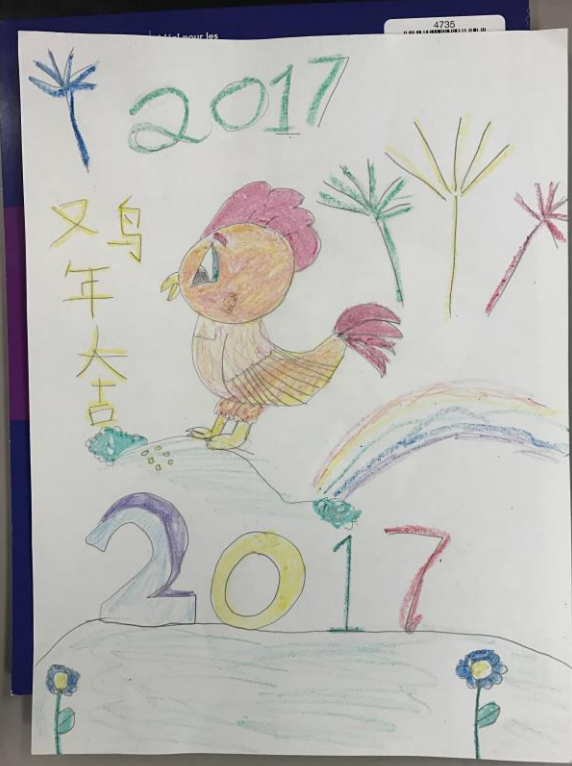

**Required Material:**

- Pencils
- Color pencils/Markers
- Eraser
- Pencil sharpener
- Sketchbook
- Imagination

**Class Goal and Students Evaluations**

In my class, children will learn how to draw cartoons step-by-step in a fun and engaging way. They will learn to draw cool creatures and awesome objects. The class is designed for beginners and perfect for age 5-10 years old. At the beginning of each lesson, children draw cartoons by following the steps first. After several practice of drawing, they will be able to draw it on their own from memory. When they have successfully mastered the object, they start changing it to reflect their own style. I deeply believe that learning how to draw cartoons step-by-step builds a child's critical thinking skills while nourishing self-esteem.
