## RACL - Colored Pencil Class Syllabus

Teacher: Luckie Fang

My name is Luckie Fang and I am 16 years old! I currently attend Enloe High School. In the past, I have taken multiple art classes and participated in various competitions, including the 'MY FAMILY' painting exhibition of AAPI Heritage Month hosted by CAFA. My art was also featured in the 2022 NC State Fair, and I have been volunteering as a teacher assistant at RACL for one year now. I am excited to teach at RACL and am thankful for this opportunity!

This class is a fun, interactive, and helpful way for children to develop and build their art skills. In this class, students will learn how to effectively create sketches that accurately represent the subject. These subjects will consist of plants, animals, foods, and etc. As a teacher, I value an effective education, but also the student's enjoyment of the class; therefore, I plan on giving students a choice on what will be drawn about every other week.

This class is beginner friendly but will also allow already skilled artists to further develop their understanding of art!

## Materials Needed:

- Colored Pencils
  - (Preferably the PrismaColor 24 pack, but any set of pencils with a wide range of colors will do)
  - Suggestion: <a href="https://www.amazon.com/Prismacolor-Premier-Colored-Pencils-Assorted">https://www.amazon.com/Prismacolor-Premier-Colored-Pencils-Assorted</a>
  - (More Affordable): <a href="https://a.co/d/dMn05el">https://a.co/d/dMn05el</a>
- Pencils
  - For creating sketches
- Eraser
  - \*Optional: Kneaded erasers work great for lightening sketches and do not leave eraser crumbs!
